

# SUNNY KUMAR

Student in DIPLOMA ME-Production

## ABOUT ME

I am a student chasing ME-production And analytical as my life goals. I love to spend time with machines and I feel great pleasure by interacting with them. I also like to explore the computer related world and in the process of learning it.

I would love to get a job related to designing machinery and automobiles. I choose engineering pursuing my dream and hobbies and I will be fine with any design related job as my starting point.
